

RockPod Portable Speaker

This stylish and funky speaker is small enough to take anywhere, but big enough to power your music whenever and wherever you want.

Armed with its in-built amplifier and the signature bass expansion system, the sound quality of this powerful 3 watt speaker will astound you.

Compatible with any device with a 3.5mm audio socket, with its high capacity Lithium Ion battery, you'll run out of energy before the RockPod Speaker! When it does run out simply recharge from a USB socket and you're ready to Rock all over again.
